Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submissions, filed on 4 August 2005 and 25 August 2005, have been entered.

The claim set of 25 August 2005 is considered the latest and is the set to be examined in this Office Action. Claims 1-10 are pending in the application. Claim 11 has been canceled.

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Drawings

3. The drawings were received on 4 August 2005. While the drawings correct the missing leader line in Figure 2, the drawings are not accepted. The drawings are objected to because Figures 1 & 2 have gaps in portions that would appear to be solid from the description.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended

Art Unit: 3728

replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Claim Rejections - 35 USC § 102

4. Claims 1-6, 9, and 10 are rejected under 35 U.S.C. 102(b) as being anticipated by Schellenberg (US 4,742,935).

Claim 1: Schellenberg discloses a blister pack **1** comprising a front part **2/3/4** having a recessed portion **2/3**; a back part **5/6/7** with a relieved portion **7** arranged as claimed; and a locating means **14/15** having an abutment **15** extending inwards from the inner wall of the recessed portion **2** to at least as great an extent as an abutment **14** extending outwards from the outer wall of relieved portion **7**.

Claim 2: Schellenberg discloses flange **3**.

Claim 3: Schellenberg discloses aperture **12**.

Claim 4: Schellenberg discloses deformation **4**.

Claim 5: Schellenberg discloses continuous ridge **15**.

Claim 6: Schellenberg discloses continuous flange **14**.

Claim 9: Schellenberg discloses a stepped recess forming a plinth **3** and outer flange **4**.

Claim 10: Schellenberg discloses snap action inter-engagement.

5. Claim 8 is rejected under 35 U.S.C. 103(a) as being unpatentable over Schellenberg.

Schellenberg discloses the claimed invention except for the translucent material. It would have been obvious to one of ordinary skill in the art at the time the invention was made to form the container with a translucent material in order to hide the container contents from view. It has been held to be within the general skill of a worker in the art to select a known material on the basis of its suitability for the intended use as a matter of obvious design choice. *In re Leshin*, 125 USPQ 416.

Allowable Subject Matter

6. Claim 7 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

7. As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).

Response to Arguments

8. Applicant's arguments with respect to claims 1-10 have been fully considered but are moot in view of the new ground(s) of rejection.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gregory Pickett whose telephone number is 571-272-4560. The examiner can normally be reached on Mon-Fri, 11:30 AM - 8:00 PM.
